JOHN SHERMAN DIES ON PARIS

Aged Statesman Yields to Pneumonia.

DIED IN TROPICS.

Mrs. Sherman Informed of the End.

Close of a Long and Active Career in Public Life--Was Great Financier.

NEW YORK, March 21.—A special from Caimanera, Cuba, to the Evening Telegram reports the death of John Sherman on board the Paris.

WASHINGTON, March 21—Mrs. Sherman has been informed through the state department of the death of Mr. Sherman.

LIFE OF JOHN SHERMAN.

John Sherman was born at Lancaster, Ohio, May 20, 1823. When he was six years old his father died, leaving a large family, and John

JOHN SHERMAN.

was subsequently adopted by a relative living at Mt. Vernón. At twelve a sister took charge of him and placed him in school at Lancaster, where he remained until he had acquired a good common school education.

At the expiration of school days he went to Mansfield and became a student in his brother's law office. After being admitted to the bar Mr. Sherman practiced law in Mansfield ten years.

In 1848 he was married to a daughter of James Stewart.

In 1855 he entered national politics and was elected to congress in the interest of the free-soil party. He was re-elected to the thirty-fifth and thirty-sixth congresses, becoming a power on the floor and in committees and was recognized as the foremost man in matters pertaining to finance.

He was again re-elected to congress in 1860 and a year later was elected United States senator. He at once became a leader in that body. He devoted much attention to financial questions and was chairman of the senate finance committee at the time the bill of 1873 was passed.

President Hayes appointed Mr. Sherman secretary of the treasury in March, 1877, a position which he retained during the entire Hayes administration. In 1881 he re-entered the senate and was reelected in 1887 and 1893.

It was during Mr. Sherman's term of secretary of the treasury that the resumption of specie payments was effected.

In 1880 and 1888 he was a prominent candidate for the republican nomination for president.

He published "Recollections of Forty Years in House, Senate and Cabinet" in 1895, a work which contains a complete and exhaustive history of the financial legislation in the United States, together with its effects, during the forty years of his public service.

In March, 1897, Mr. Sherman resigned his seat in the United States senate to accept the portfolio of state in President McKinley's cabinet. He served as secretary of state until April, 1898, when he resigned upon the breaking out of the war with Spain and after all diplomatic recourse had failed to obviate war.

Mr. Sherman has lived a life of ease and retirement since he left the cabinet. A few weeks ago he left the United States on board the American liner Paris which was making an excursion cruise among the West Indies. The first knowledge of Mr. Sherman's illness came last week from Port Franco, Island of Martinique.

Savings Bank Blown by Burglars.

MEDWAY, Mass., March 21.—The Medway savings bank vault was blown open by burglars last night. From the fact that a second fuse, applied for the purpose of forcing open the strong box, had not been lighted, it is thought the men were frightened away by the noise of the explosion. The bank office was completely wrecked.

GOSPEL SERVICES.

Special Meetings to Begin at Plymouth Congregational Church.

Sunday morning by a vote of the members it was decided to hold eight special gospel services at Plymouth church—four this week and four next week—culminating on Easter. Already, there is a deep spiritual interest, and on the last three Sabaths, thirteen new members were received into the church.

The object of these meetings is to deepen the spiritual life of Christians, and to encourage others to come into the love and obedience and service of Christ. Dr. Watson, best known "Ian MacLaren," says: "If one surrender himself to Jesus, and his cross, there is no sin he will not overcome, no service he will not render, no virtue to which he will not attain."

The meetings will be held this evening, and Wednesday and Thursday evening's at 7:30, and Friday afternoon at 3 o'clock. Theme tonight "Different Kinds of Hearers."

AT BANQUET BOARD.

Medical Men and Guests Have a Merry Time.

First Annual Banquet of Alumni Association of the Fort Wayne College of Medicine.

At the Randall hotel last evening the first annual banquet of the Alumni association of the Fort Wayne college of medicine was held. The dining room of the hotel had been cleared of its every day habiliments and had been suitably arranged for the occasion, having one long table stretched the entire length of the room. There were about ninety persons present among whom were a number of ladies besides the members of the association, which was not the case of a year ago when only those ladies who belonged to the association were present. Several of the visiting physicians were accompanied by their wives. Among those out of town visitors were Drs. Stametz, of Auburn; Johnson, of Ligonier; R. G. Stemen, of Dolphus, Ohio; Alice Williams and J. B. Williams, of Columbia City; Koontz, of Roanoke; Corey, of Hartford City; Browand, of Garrett; Gilbert, of Kendallville; Schwartz, of Auburn; Kohn, of Cavett, Ohio; Youmans, of Detroit; Meigel, of Ligonier; Geary, of Cessee; Swartz, of Zanesville; Slater, of Chicago; Brandridge, of Delphos, and Beach, of Arlington.

The music was furnished by Swaidner & Conklin's orchestra whose music was well received, the banqueters frequently joining in the chorus of the popular songs. During the banquet a little entertainment was enacted which was not scheduled to come off. Dr. Gross announced that the colored waiters would give a cake walk and that the hat would be passed for a donation for the walkers. All present responded generously and the cake walk was voted a success.

Dr. C. B. Stemen made a welcoming address which was received with much applause. He referred to the success of the institution with pride and spoke of the different positions which former graduates were now filling and who were scattered all over the world. The response for the alumni was made by Dr. Koontz, of Roanoke, and was short and witty. Drs. Gross, Drayer, Schrader and Barnett rendered "Kentucky Home," which was encored. Dr. McEvoy spoke about the "Bearded Bachelor." Mrs. Drayer gave a most delightful piano solo which was much applauded. Dr. C. B. Stemen told about "The Humorous Side of Night Calls," and Sam Moffatt, of the Daily News, spoke in behalf of the press. Dr. Drayer then gave an address on "Still Life," after which the "Four Chlorides" quartet sang, "Until the Dawn." Drs. Lobdill, of Chicago, H. W. Todd, of Gallion, who is ill of scarlet fever, and his wife, Mrs. Long-Todd, all of whom were to take part in the program, were unable to be present.

The banquet from all points of view was a distinct success and the doctors and their invited guests left the table voicing the occasion everything it ought to be.

Nancy Guilford's Trial Begins.

BRIDGEPORT, Conn., March 21.—The trial of Dr. Nancy A. Guilford on a charge of murder in the second degree, in causing the death of Emma Gill, of Southington, by criminal practice, was begun today. The prisoner, whose illness has caused several postponements was in court and was apparently very weak.

FRAGMENTS OF HUMAN BEINGS

Delving Into the Ruins of the Windsor.

BONES AND FLESH.

Workmen Exhume Remains of Victims.

Unidentified Body of an Aged and Richly Dressed Woman is Uncovered.

NEW YORK, March 21.—The third body taken out of the ruins of the hotel Windsor was recovered early today. It was found on the Forty-sixth street side of the ruins, about fifteen feet below the surface and ten feet from the sidewalk. The body was that of a woman. Only part of the head from lower jaw down was still on the neck. The body was very badly mangled.

It is officially described as that of a woman about sixty years old; small stature, arms and limbs missing, all hair burned off, second low back tooth, right side, filled with gold, back tooth, lower left side, gold filled; part of black silk dress, beaded trimmings, faced with white pongee silk and with white lace border; white shirt waist, marked 38, apparently the size; band of silk dress waist marked "Dou 291 Rue De Par," stamped in gold on the belt.

The rest of the mark, evidently indicating the name of the maker, was burned off.

A hundred men worked all night on the ruins. In many places the debris was too hot to permit of work there.

A number of pieces of bodies were found during the night—bones charred and broken and separated from one another, some with pieces of burned flesh on them. Early today the workmen, digging on the Fifth avenue side, near the entrance, where the first traces of bodies were found, came upon a piece of pelvis, weighing about two pounds.

Later a workman found what seemed to be the knee-cap of a child with pieces of the joining bones. It was dug on the Forty-seventh street side.

A pile of damaged clothing was found here. In trying to separate the pieces the workmen found inside the clothing what was believed to be mangled, burned and crushed flesh and bones.

The whole mass was put in coffins and taken to the morgue.

The remains of another body were found on the Fifth avenue side of the ruins. It consisted of a mass of charged intestines. Beside this was a thigh bone, from which all the flesh had been burned. Near this was another bone, but it could not be told to what part of the body it belonged. The parts were found in a section of the cellar adjoining the entrance, where the remains were found yesterday.

The work of getting into the ruins is progressingly rapidly today. The men have got twelve feet below the surface in some places.

It is feared they cannot get down much further, as the sub cellar is flooded with water to a level two feet above the regular cellar floor.

BIDS WERE OPENED.

Proposals for the Large Addition to St. Joseph's Hospital.

At the office of Architect Grindle last evening bids for the construction of the large addition to St. Joseph's hospital were opened. Eight proposals were submitted and the bid of Hollman & Albersmeyer, $14,749, was the lowest. The other bidders, with their figures, were as follows:

Fred Boester	$15,447
Henry Hilgeman	16,568
E. F. Liebaud	16,653
John Sueltzer	14,900
H. Tolle	15,895
Charles Franke	15,738
James Henry	15,812

These figures do not include plumbing or steam heating. Work is to begin as soon as the weather will permit.

CONTRACT LET.

Contractor M. Mollet was last evening awarded the work of remodeling Salem Reformed church, his figure of $4,000 being the lowest. Other bidders and their figures were: F. Boester, $4,100; Henry Hilgaman, $4,168; John Sueltzer, $4,280; Hollman & Albersmeyer, $4,300. The contract does not include glass or the new pews. Mr. Mollet will begin the work at once.

Prominent Democrat Dead.

PHILADELPHIA, Pa., March 21.—Samuel G. King, who was mayor of this city from 1831 to 1834, died at his home in this city this morning, aged eighty-three years. He had been ill for a long time and his death was due to his advanced years. Mr. King always took an active interest in democratic politics, and although this city is overwhelmingly republican, he was elected on the reform ticket by a large majority.

RIVAL FOR THE STANDARD.

Three Large Oil Producing Concerns Have Combined.

PARKERSBURG, W. Va., March 21.—Very important negotiations have just been closed whereby the Henry Oil company, the Fearless Oil company and the McDonald Oil company become one corporation, which will be one of the largest companies independent of the Standard in the world.

These three companies have been extensive operators in the old Sistersville and Elkford pools, and have been very successful.

The combined production of the three companies will aggregate 2,400 barrels of oil daily, all of which is sold to the Standard Oil company.

It has been the desire of the Producers Pipe Line company to enter the West Virginia fields, but never until now have they been in a position to secure sufficient oil to pay for putting in a line.

Now that the Producers company is on the safe side, but with 2,400 barrels daily production to start on, and with the co-operation of the many independent operators in West Virginia fields, it will build its line direct from Pennsylvania to all the fields in this state.

A BOY BEHEADED.

Thomas J. Disney Falls Between the Cars.

Frightful Accident on East Columbia Street--Lad Was Jumping Trains and Lost His Head.

Thomas J. Disney, a boy about fourteen years of age, residing at 57 Superior street, was instantly killed at 5:15 o'clock last evening, at the Columbia street crossing of the Nickel Plate railroad. The lad fell between the cars on which he was stealing a ride and was killed. The wheels of several cars passed over his body, mangling it in a frightful manner. The lad had boarded the moving train as it neared the Columbia street crossing and in some manner lost his hold and fell between the cars, the wheels of five or six cars passing over him, crushing out his life before a cry could escape him.

The accident was witnessed by Miss Hebert and Miss Hauck, teachers in the Lakeside school, and Neil McKay, who were driving from Lakeside. The police and coroner were notified and a crowd soon gathered. The sight was a sickening one. Disney's head and left arm were completely severed from his body and were lying outside the track, while the trunk remained between the rails. The remains were taken to Peltier's morgue and prepared for burial.

The unfortunate lad was in no sense a bad boy and was not one of those who have been given the police trouble by making a practice of jumping on trains. He was a pupil of the Brothers' school, and yesterday afternoon attended services at the Cathedral. In going home he boarded the train, and the sad accident resulted.

Funeral services will be held Wednesday morning at 9:30 at St. Mary's Catholic church, owing to the fact that forty-hour devotion is in progress at the Cathedral.

THE WINDSOR VICTIMS.

Burial in Chicago of Mrs. Kirk and Mrs. and Miss Leland.

CHICAGO, March 21.—The funeral of Mrs. James S. Kirk, one of the victims of the Windsor hotel fire in New York, took place today from the Kirk residence at Evanston.

At the same hour the funeral services of two other victims of the Windsor disaster, Mrs. Isabella Cobb Leland and her daughter, Miss Helen Leland, were held at the Leland residence. The Chicago Hotel Men's association adopted resolutions of condolence on the death of Mrs. Leland and Miss Leland and attended in a body.

THE LAST RITES.

Funeral Services Over Lord Herschell in Westminster Abbey.

LONDON, March 21.—Funeral services over the remains of the late Baron Herschell, who died at Washington on March 1st, took place today in Westminster Abbey. Among the pall-bearers was the United States ambassador, Joseph H. Choate.

The remains were afterwards removed to Waterloo railroad station to be conveyed to Cliffe, Dorsetshire, where they will be interred.

F. E. Eckhart, of Auburn, is in the city today.

ON HIS WAY TO PRISON

George Shivers Entered Plea of Guilty.

HE WAS SENTENCED

To Serve From Two to Fourteen Years.

Sheriff Meiching Took Him to Michigan City--Verdict for Mrs. Heckler--Notes.

When readers of THE SENTINEL are perusing these columns this evening George B. Shivers will be speeding on his way to the Michigan City penitentiary.

In that penal institutional he will make restitution to the law for the heavy embezzlements he committed at the A. L. Johns establishment where for so many years he was a trusted and confidential employe.

He was brought into court this morning accompanied by C. H. Worden, his attorney. Mr. Worden did not plead but Mr. Shivers himself appeared before Judge O'Rourke and when the jurist asked for his plea he said "Guilty." Prosecutor Doughman called attention to the statute on embezzlement and Judge O'Rourke fixed the punishment at from two to fourteen years in prison. When asked whether he had anything to say why sentence should not be passed Shivers shook his head and Judge O'Rourke pronounced sentence.

Deputy Sheriff Young took Shivers back to jail, where he remained until 4 o'clock this afternoon, when Sheriff Meiching left with him over the Nickel Plate for Michigan City.

THE PLAINTIFF WINS.

The jury in the case of Anna Heckler vs. Almer Heckler returned a sealed verdict last evening. It was opened by Judge O'Rourke this morning. The answers to the interrogatories were all favorable to Mrs. Heckler and the general verdict found for her in the sum of $275.

SLANDER CASE.

Judge O'Rourke and a jury are today hearing the evidence in the slander suit of George Beaver vs. Benjamin Grover. Plaintiff asks for $2,000. E. V. Emrick appears for Weaver and Bell & Dougham for Grover.

STUTESMAN NOT GUILTY.

United States Commissioner Logan Monday afternoon rendered a finding that F. J. Stutesman was not guilty of unlawfully rectifying spirits. Mr. Stutesman swore that he did not make the mixtures alleged and intimated that he was being persecuted by enemies. Commissioner Logan held that the evidence did not show that Stutesman, if he made the mixture at all, did not make the liquor spurious in character. The law does not prohibit a dealer from diluting liquor, but places a ban on making spurious liquor, and the commissioner did not believe the case had been proved. Mr. Stutesman was ordered released.

NOTES.

The trial of James Jacobs for arson is set for next Thursday.

Judge Dawson has granted Grace Varner a divorce from John P. Varner. The mother is given the custody of the one child, Harry, aged four months, and the husband is ordered to pay $3 per month for the little one's support.

Judge Dawson granted Charles A. Davis a divorce from Minnie Davis.

The motion for a new trial in the case of Martin vs. Miller, was overruled by Judge Dawson.

Charles E. Moellering sues Anna Wagner for $80. Barrett & Morris are attorneys.

Celestine Gladieux has commenced suit for partition of property against Theodore Havert. W. G. Colerick is plaintiff's attorney.

MARRIAGE LICENSE.

Chris. Everson and Iona Klett.

Woman Held for Murder.

WICHITA, Kan., March 21.—Nina Raymond has been arrested charged with the murder of Edwin G. Jones. She admits she struck him over the head with a bed slat.

Michigan vs. Notre Dame.

NOTRE DAME, Ind., March 21.—Manager Eggoman, of the Notre Dame track team, received a letter yesterday from Manager Baird, of the University of Michigan, stating that he desires to bring his team here to participate in a dual meet May 13th. Baird wants to bring the full team of twenty-five men, who are to compete in the Western Intercollegiate association meet. Eggoman considers this too many for a dual meet. It is likely that some compromise will be reached regarding the number of men.

BILLIARD TOURNAMENT.

Dr. Keel and Mr. Mautner are Tied for First Place--Carter Lost.

The last regular game in the Wayne hotel three-cushion billiard tournament was played yesterday afternoon and Mr. Mautner defeated Al Bond by a score of forty to thirty-six. This makes a tie between Dr. Keel and Mr. Mautner, each of whom has won six games and lost one. E. K. Dorr defeated Keel and Mautner lost to Keel. Mr. Rankin has arranged that the tie shall be played off next Thursday evening and the winner of the prize one, which will be awarded at a banquet to be given Saturday evening.

SCHAEFER BEAT CARTER.

Eugene Carter lost his first game in the Chicago tournament last night to Jacob Schaefer by a score thirty to twenty-four in forty-nine innings. Carter has one game to play with Catton and if he wins this he will be winner of the tournament, Schaefer having already lost two games and Catton one.

THE RUMOR PERSISTENT.

Report that Cardinal Gibbons is to be Made Pope Leo's Successor.

LONDON, March 21.—A dispatch to the Evening News from Brussels revives the rumor that Cardinal Gibbons may be the next pope.

Harry Armstrong was the only prisoner in police court this morning. He was arrested last evening by Detective Dassler, who suspected that he intended to rob a farmer with whom he was chumming. A charge of drunkenness was made against him and Mayor Scherer sent him to jail for eleven days.

Mrs. George Slater, of Chicago, who accompanied her husband, Dr. Slater, here yesterday will remain a week or two, the guest of the doctor's parents, Mr. and Mrs. Joseph Slater, No. 19 Bass street. Dr. Slater returned to Chicago last night, after the meeting of the Alumni association of the Fort Wayne College of Medicine, his professional duties there requiring his attention.

Mrs. Mary V. Taylor, the oldest postmistress in Allen county has resigned her position at Thurman postoffice, St. Joe township. She was postmistress at Chamberlain in 1869 and continued to hold office until the election of President Cleveland at which time her political opponents desired a change. The postoffice was removed to the home of Edson A. Brooks which arrangement did not satisfy the people so it was moved back again to her home and the new office was called Thurman. Mrs. Taylor was born in New Hampshire, in 1832, and married Arthur M. Taylor in the thirties. They came into possession of their farm in this county forty-five years ago moving to it in 1839. She donated a part of her farm for a church site and helped support it for several years.

GOES TO THE SEAT OF WAR

Senator Beveridge Off for Manila.

IS A PLEASURE TRIP

Journey Has No Political Significance.

Has Long Contemplated the Tour and Seeks Only a Much Needed Rest.

INDIANAPOLIS, Ind., March 21.—United States Senator Albert J. Beveridge, accompanied by his wife, started for the Philippine Islands today. He expects to be gone three months. The trip will consume about one month each way, leaving one month for stay in China and the Philippines.

After having completed his trip in the Philippines, he may decide to return here by way of the Suez canal.

Senator Beveridge said just before leaving that he made up his mind several weeks ago to make this trip.

His first intention was to go away without making his destination public, but he reached the conclusion that his going might be misunderstood so he decided to announce it.

"It is merely a pleasure trip," said he. "It is a good while until congress meets and I feel that I am in need of rest. I have always desired to take a trip of this kind, and I made up my mind to pack up and go this time. I have no definite plans. The immediate destination will be Yokohoma. I shall spend some time in China and shall probably visit the Philippine islands."

As Senator Beveridge is a pronounced expansionist, it is generally thought that he will not fail to avail himself of all the information he can get there in his trip on subjects expected to take up much time of the next congress.

A TALK ONLY FOR THE MEN

Rev. Merton Smith Speaks to a Big Audience.

SERIOUS SUBJECTS.

Knotty Scriptural Points Explained.

Some Plain Words to Men on the Way of Right Living and True Manhood.

It was a fine gathering of men who greeted Rev. Merton Smith at the First Presbyterian church last night and it was a strong, earnest and helpful talk that the evangelist gave them. The meeting was announced as "for men only." An audience was drawn that entirely filled the lecture room and encroached on the annexes. Some were there no doubt whose presence could be accounted for on the ground of a morbid curiosity excited by the "men only" aspect of the meeting, but such were very few, and those in common with all others present went away revolving some serious matters in their minds. On the whole, however, the gathering was striking for the intelligence of those who were there and for the deep earnestness with which they attended the words of the evangelist.

Rev. Smith's lecture was based on these topics:

"1. The Land of Nod — Where Cain Found His Wife."

"2. The Slaughter of the Canaanitish Nations."

"3. If Christ was born of a Woman, Why Was He Not a Sinner?"

Rev. Smith explained that six years ago at West Bay City, Mich., the chosen omissary of a club of unbelieving men called upon him with a list of some fifty questions bearing upon the scriptures that they wanted answered, saying that if the evangelist gave satisfactory explanations of all the involved points the members of the club were ready to acknowledge Jesus Christ. The evangelist admonished the delegate that to answer all his questions would take too much time—more than could be spared—and requested him to select from the list any three, and he would do in explanation of them the best he could. They agreed and the questions he set out were those that formed the topics of Rev. Smith's lecture last night. The evangelist said that he always endeavored to discuss these questions in every community where he preached.

These three questions, the evangelist said, had always been and were now the trump cards of the infidels—questions which many men held to be unanswerd and unanswerable. According to the scriptural record itself, Cain did not get his wife in the land of Nod, but took her with him to that land. Rev. Smith entered into somewhat elaborate discussion of the origin of Cain's wife, throwing upon the subject the light of the profoundest scholarship.

The slaughter of the Canaanitish peoples, the evangelist said, was because those nations had become so deep sunken into iniquity that the Lord sought to spare humanity from general contamination and the incurrence of another cataclysmic judgment like the deluge. While speaking of this subject Rev. Smith delivered the most impressive portion of his discourse. He spoke of those revolting and nameless immoralities into which the Canaanitish nations had plunged and no doubt startled many of his audience as he set forth that just such unnatural crimes, such unspeakable iniquities were practiced in civilized lands today. To young and old he delivered a solemn warning concerning matters all men should think upon. To young men in particular did he address himself with special earnestness in an appeal for lives of purity.

Rev. Smith's discussion of the third topic was plain, and so easily understood that it carried conviction to all who heard. It was not a fanciful argument that he spun, but was set forth from the scriptures and appealed deeply to the reason.

In beginning his service Rev. Smith said that in order to have an acquaintance with his audience he would like to have those who were members of churches stand up. About half the audience arose. When he had finished his lecture the evangelist said:

"All who believe that Jesus of Nazareth, the son of the Virgin Mary, was the son of God, the Eternal Son of the Eternal Father, will please rise with me."

The assembly arose as one man, and no one remained sitting. It was an impressive conclusion of a most impressive service.

Rev. Smith will preach as usual tonight at the First Presbyterian church. This afternoon the first of the bible lectures for the present week is being held at the church.

MUNICIPAL AFFAIRS.

Several Council Committees Hold Meetings This Evening.

City Clerk Monning has sent notices to the council committees on contracts and franchises and on rules, regulations and ordinances, notifying them of meetings to be held in the city building. All the councilmen have been invited to hear Dr. Wheeluck's report on the proposed electric light franchise.

Chairman Hench, of the council committee of the whole, which has charge of resolutions relating to the gas franchise, will call this committee together and City Attorney Shambaugh will submit a report. Mr. Hench says that the meeting is not open to the public, at least until after Mr. Shambaugh's report has been received.

BOARD OF WORKS.

At the meeting of the board of works yesterday William Bartlee presented a petition asking that he be released from his garbage hauling contract. He has an opportunity to sell out to Henry Holdshild. The board will consent to the transfer.

A petition to have Baker street paved was presented and the engineer was ordered to prepare plans. No kind of pavement is specified.

The owners of the property on Nelson street, from Washington street to the river, asked the board to reduce the proposed width of the street from sixty-six to fifty feet. The engineer was ordered to prepare a plat for that width.

A sewer-builder's bond for Fred Poltmeyer was approved and similar action was taken with a gas fitter's bond of Tompkinson Bros.

SHREDDED WHEAT.

Beautiful Display at Rurode Dry Goods Co.

Skilled Demonstrators in Attendance—Dainty Morsels Served Free.

Large crowds are attracted daily before the window of the Rurode Dry Goods company by the display of the Shredded Wheat company, of Worcester, Mass. This is by far the finest display ever made in this city by any firm. The scene represents a ladies' tea party, with a table and sideboard containing a large quantity of cooked dishes made from the celebrated shredded whole wheat and a group of figures representing six society ladies are from all appearances, discussing the merits of shredded wheat, the whole is enhanced by decorations of beautiful palms and flowers. There is in attendance upon the ladies a maid, in the usual cap and apron, giving the display a wonderfully life like appearance. The display was designed by Mr. J. W. Dean, state agent of the firm, assisted by Mr. Fred Wahrenburg, the window trimmer for the Rurode Dry Goods company, and shows great care in the details, nothing being omitted.

In the interior of the store the food is being served free by two experienced demonstrators, Misses Campbell and Hitchings.

Any one can gain a great fund of useful information by listening to their explanations of the merits of shredded wheat.

The retail trade of the city will be visited by Mr. McGuire, a representative of the company, while the display is in progress, and the merchants will find him a very affable gentleman to deal with. The manager, Mr. Dean, is be congratulated upon gaining a place for his exhibit in such a popular store as the Rurode Dry Goods company, while the store is very fortunate in securing such a drawing card as the exhibit of the Shredded Wheat. All in all it is a most decided success.

LAKE STEAMER AGROUND.

Goodrich Liner Atlanta Goes Ashore Near Racine.

RACINE, Wis., March 21.—The Goodrich passenger steamer Atlanta is on the beach two miles south of this city. The steamer was caught in the drift ice which was driven in by the southeast gale.

The fifty-three passengers who were on board have all been landed safely and the vessel is resting easily and has suffered very little damage. Captain Cochrane says there is not the least danger of the boat being wrecked as the ice extends into the lake five miles and is solid.

The passengers were all in good spirits when rescued and did not know the boat was ashore until they awoke this morning. The Atlanta went ashore during a terrific wind and snow storm that swept the lake during the night.

LABOR OPPOSED TO ALL WARFARE

Tenor of Samuel Gompers' Speech.

IN FAVOR OF PEACE.

Deprecates War in the Philippines.

Time Coming When Workingmen Will Refuse to Make Arms and Warships.

BOSTON, Mass., March 21.—Samuel Gompers, president of the American Federation of Labor, was the principal speaker at the peace meeting held in Tremont temple today under the auspices of the Good Citizens' Peace society. Mr. Gompers referred to the position of organized labor on the question of expansion, and said:

"If it was right for the founders of this government to fight for free government, it is not today right to fight against it. We are today fighting against the only Asiatic country that has ever made an attempt to establish a republican form of government, and we are today seriously considering taking part in a plan to divide China, because it will help our trade.

"The organizations of labor recognize that a large standing army is a menace to liberty and fomenter of trouble between man and man. If peace cannot be secured in any other way, the time is coming when federated labor will refuse to make implements that are intended to strike down their fellow men—when shipbuilders will refuse to construct vessels of war; when sailors will refuse to contribute their labors in any way for the slaughter of their brethren, wherever they may be. There is already being formulated by the Union workers of Great Britain and America a movement which will make peace necessary without the intervention of governments. There has never been a conference of workers that has not declared for tranquility and peace."

MONEY PAID OVER.

But the Mortgage Has Not Been Cancelled.

Jesse Grice et. al. Commences Suit Against the J. F. Schell Loan Company.

Jesse Grice and Dora B. Grice have commenced suit in the superior court against the United States Mortgage and Trust company, the J. F. Schell Loan and Investment company, James F. Schell and the stockholders of the J. F. Schell Loan and Investment company to cancel mortgage. It is alleged that a mortgage for $2,250 was made to the United States Mortgage and Loan company, through the J. F. Schell Loan and Investment company with the understanding that at any time after a certain time the entire amount of mortgage could be paid.

Portions of it were paid and on January 13, 1899, the balance, $1,495 58 was paid to the Schell Loan and Investment company.

The mortgage, however, has not been cancelled and the U. Mortgage company contends that it could not be paid until due. Although the entire sum has been paid into the J. F. Schell company the mortgage still stands and the suit is to cancel it. Hon. W. G. Colerick and Henry Colerick penned the complaint.

Another Divorce Suit.

Emma May Keck has commenced suit for divorce against Alfred Keck, alleging cruel and inhuman treatment, habitual drunkenness and evil associations.

Plaintiff asks for custody of two children, aged four years and six months respectively, and for $500 alimony and $100 per year for their support.

Big Raise of Wages.

CINCINNATI, March 21.—The John B. Morris foundry company has notified its employes that beginning March 27, wages of bench molders will be increased from $13.50 to $15 per week, and of floor molders from $15 to $16.50 and there will be 10 per cent. advance on piece work.

Card of Thanks.

Mr. and Mrs. W. F. Graeter desire to return their sincere thanks to their friends and neighbors for the kind assistance and sympathy shown during the sickness and death of their little daughter, Faith.

"Our Nation in War."

Express Derailed.

WILKESBARRE, Pa., March 21.—The Buffalo express on the Lehigh Valley railroad was derailed at North Wilkesbarre by crashing into an engine which overlapped a switch. The engine of the express was thrown down an embankment and three cars were derailed. The engineer and fireman escaped with a few bruises. The passengers were badly shaken up but none was seriously injured.

BASE BALL.

Inter-State Meeting at Mansfield Today.

Isadore Mantner and Sid Hubbard Are There—The Schedule Will be Adopted—Notes.

Isadore Mantner and Sid Hubbard are in Mansfield today attending the Inter-State league meeting. Jack Glasscock is also in Mansfield and may accompany them home. The schedule will be adopted before adjournment this evening and indications are that Fort Wayne will open at home, probably with Grand Rapids. There will be 140 games and very few open dates. Last season there were more than 150 games.

The first games arranged for the Fort Waynes this season are with Indianapolis on April 22 and 23 at Indianapolis.

A New Castle special says: The attorneys for the New Castle base ball club have succeeded in getting judgment against the Boston League club and the Pittsburg club as garnishees for $500, the balance due from the sale of Charles Hickman to the Bostons for $1,500. Two-thirds of the purchase money was paid down and the other third was to be paid when Hickman proved satisfactory. This was in the summer of 1897, and Hickman has been utilized by the club ever since.

The money attached was the Bostons' share of the gate receipts for a game played at Pittsburg last summer.

NOTES.

Youngstown wants to begin the season away from home owing to the equipment of new grounds.

Tim Flood writes to Bob Dickson that he is in the best of condition and will play fast ball this season. He also reports Ed Herr as being in much better shape for the opening games than he was last season.

The latest advices are that Becker's purchase of the St. Louis club means that Frank Robison will be owner of 49 per cent. of the stock in consideration of which he transfers the Cleveland ball players to St. Louis.

Bids were submitted on the new park by Contractors Benge, Borkenstein, Boester, Brown, Grothoklman and Griffith. The bids were too high and some changes will be made in the plans and new bids asked for. Work will be commenced as soon as the weather will permit.

"Chick" Stahl left on the Pennsylvania limited last evening for Washington, D. C., where he will meet the members of the Boston team and proceed with them to Durham, S. C., the spring training headquarters. The league season opens on April 15 and "Chick" believes he will be in the best of condition.

The nick names of the Inter State teams this season will be about the same as last year. The clubs will be known as follows: Youngstown, "Giants;" New Castle, "Yanegans;" Toledo, "Mud Hens;" Fort Wayne, "Hoosiers;" Mansfield, "Haymakers;" Dayton, "Old Soldiers;" Wheeling, "Stogies;" Grand Rapids, "Cabinet-Makers."

Motherhood is a woman's brightest crown.

It is a woman's glory to be strong and capable in a feminine way. Her worst misfortune is to have any physical weakness affecting the delicate, special organism which is involved in motherhood. To insure the complete health and normal capability of this most important structure, is the purpose of Dr. Pierce's Favorite Prescription. It gives tone and vitality to the entire nervous system; and strength and vigor to the organism of maternity. It makes motherhood possible, safe and comparatively easy and painless.

Its wonder working capacity is exemplified in the trying experience of Mrs. A. Block, No. 221 Jackson St., Chester, Pa., who writes: "I began taking Dr. Pierce's Favorite Prescription shortly before confinement with my sixth child, as I felt miserable, and it helped me so much that I had an easy time and felt well soon after. Four years ago, on the 7th of January, when the mercury was five below zero my seventh child was born, after I had been waiting on my sick husband for nine weeks. With the help of your medicine I stood it all. For the last year I have been doing nearly all my own work, including the care of eight children. I think I am doing well, thank God, and hope I will be able to continue. I owe my health to God and your medicine."

One of the greatest helps a mother can have in nursing and rearing her children and carrying them safely through all the little sicknesses and ailments to which children are subject is Dr. Pierce's great thousand-page illustrated book, the "People's Common Sense Medical Adviser." A paper-bound copy will be sent free for 21 one-cent stamps to pay the cost of mailing only, or in heavy, French cloth covers for 31 stamps. Address World's Dispensary Medical Association, Buffalo, N. Y. This book should be owned by every mother. It is like a family doctor always at hand.

ELKS WILL GO.

Fort Wayne Members Will Institute a Lodge at Wabash.

About fifty members of the Fort Wayne lodge of Elks will leave this city on a special train Thursday for Wabash, where they will institute a new lodge of the "Best People on Earth." The City band will accompany them, and it is intended that the event shall be done up in proper style. This the Fort Wayne members are always prepared to do. They will return at midnight.

An Editor Pummeled.

DECATUR, Ind., March 21.—(Special.)—Dan P. Bolds, ex-county treasurer, and Editor Norval Blackburn, of the Decatur News, met upon the streets of this city about 7 o'clock last evening, and an altercation ensued. The trouble grew out of an item appearing in a recent issue of Editor Blackburn's paper. Blackburn was badly pummeled in the encounter.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and, to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bot. at Dreier & Bros. drug store.

Downs in Texas they prefer to die with their boots on rather than that their relatives should die in a poorhouse.

There is considerable speculation as to reasons which may be moving General Otis to keep General Lawton a mere idle spectator at Manila while the fighting is on. Otis ought be too big to be jealous.

Aguinaldo has begun to burn his candle at the other end. As if losing his armed followers at the rate of a thousand a week were not rapid enough dissolution of his forces, he has taken to beheading those who have sense enough to know when they have had a plenty.

Way down south at a place called Jekyl Island, President McKinley and Speaker Reed were brought together yesterday. Of course it was an accident, as the friends of the president declare it was. But it will be recalled that something like a week ago it was announced that a meeting of Mr. McKinley and Mr. Reed was announced to have been fixed up to take place at precisely the spot where it really did occur.

Seattle has the news that a party of five Finlanders claim to have discovered evidence, in a series of old mounds, of the original boundary line of Alaska as established by the Russian government, which places the Klondike region within the territory ceded to the United States. United States Consul McCook, at Dawson, will communicate, it is said, with the authorities at Washington concerning the matter.

There has been a deal of horror-stricken speculation as to what the result would have been if the Windsor hotel in New York had burned in the night instead of the afternoon. The results were sufficiently agonizing as it was. With a score of known dead and three scores missing there is ample ground plan for an investigation into the blame for such a death trap. The New York papers are quite full of details as to the fact that the Windsor was known to be a fire-trap, but it is not brought out that it ever was made anybody's business to employ that knowledge for protection of human life. Blame for such a ghastly horror must rest upon the shoulders of some one, but it is not likely that it will ever be determined whose shoulders they are.

The desperateness of his situation and the folly of his resolves are shown by Aguinaldo in his bloody vengeance on those followers who have admonished him against the foolhardiness of further resistance to the American authority. What has become plain to his followers must also have become clear to the Filipino leader. His forces cannot long stand against the skillful and determined onslaught of the Americans; certainly not when he must meet the coup de main that is evidently being prepared for inauguration around Manila. His rebellion must before long go to pieces. This is the more certain from the evidence that some of his influential partisans are themselves ready to quit. In beginning to put to death as traitors those who advise peace, Aguinaldo is undermining his own cause. Taking counsel of their fears, Aguinaldo's men will soon turn against him, rather than trust themselves longer to his bloody humors. The conceited Filipino is becoming his own destroyer.

A story is going the rounds in administration circles in Washington which is said to account for the retirement of John Sherman from the cabinet about a year ago. On the day that congress formally declared by resolution that a state of war actually existed between this country and Spain, a couple of close friends of the president called at the state department to see Secretary Sherman. Their business was urgent and important, it is stated, and it was necessary for them to meet Mr. Sherman at once. Not finding him at the state department or his house they repaired to the white house and made inquiries of the president as to Mr. Sherman's probable whereabouts. Mr. McKinley could give them no definite information on the subject, but he sent for a trusted messenger and instructed him to assist the gentlemen in their hunt for the secretary of state. After a long search, lasting several hours, Mr. Sherman was located in the house of one of his tenants. They found him down on his knees hard at work trying to repair certain damages to a stove range. Mr. Sherman was not aware, it is said, that war had been declared, and was disposed to question the accuracy of the report that his visitors brought to him. The facts were duly reported to Mr. McKinley, and the next day, in as delicate a manner as possible, he intimated to Mr. Sherman that he would be pleased to receive his resignation. This is the administration version of the affair. The friends of Mr. Sherman may have another story to tell later.

QUESTION OF REPRESENTATION.

Before the Fifty-fifth congress adjourned a bill was introduced in the house of representatives providing for the collection of statistics as to voting rights rights, to be collected as part of the national census of 1900. The purpose of the measure was to obtain a basis of dealing with the southern states, which have abridged the franchise by practically shutting out the negroes.

The national census of 1890 enumerated in the United States 10,940,000 male inhabitant of voting age, of whom 152,000 were residents of the territories including the District of Columbia; 1,150,000 were excluded from the franchise as "unnaturalized foreign male residents of the United States," and 238,000 whose period of naturalization had begun but was not completed. Besides these, must be excluded criminals, convicted of felonies, the insane, and the idiotic, and those who lose their citizenship by accepting state aid in almshouses and other similar institutions. The estimated number of voters in the United States in 1890 was about 15,000,000. At the presidential election of 1896 the total vote cast in the country was only 14,070,007, or 1,000,000 less than the estimated number of legal voters. In view of the facts of the constant increase of population and that the ratio of alien voters is diminishing, the actual falling off six years after the census of 1890 must have been greater.

The bill providing for the "collection of statistics as to voting rights," which was introduced by Representative Crumpacker, of Indiana, did not become a law, but it is understood that Director Merriam will make preparations to carry out its provisions in anticipation of its passage at the next session of congress.

If there should be a readjustment of representation by reducing the membership of the southern states, it would affect seriously South Carolina, Mississippi and Louisiana, and most of the states south of Mason and Dixon's line. An equitable settlement of the question is made difficult by complications, but it is the fixed purpose of the republican leaders to keep up the agitation for a change until they accomplish their object. Whatever is done, however, will not affect the voting power of the respective states in the presidential election of 1900.

ADOPTS SUGAR BILL.

Countervailing Duties Measure Passed by the Indian Council.

Calcutta, March 21.—The legislative council today adopted the countervailing sugar bill. The viceroy of India, Lord Curzon, of Kedleston, expressed satisfaction at the unanimous feeling of the council on the subject of the bill. He said the fullest inquiries have shown the necessity of urgency in the case and he condemned the bounty system as being "a vicious expedient for selfish interests."

Lord Curzon also asserted that the Indian government was only exercising its legitimate right in relieving the country and helping an important industry and a huge number of cultivators.

"SYMPATHY."

Fourth Sermon in Lenten Series at Christ's Lutheran Church.

At Christ's Lutheran church last evening Rev. Motschman preached the fourth sermon in the Lenten series. The theme was "Sympathy" and it was shown that Christ is a friend who is touched by our infirmities. He is ever willing to help any one try to be better, to live a noble life and to be a Christian. No one can be so weak, or wicked, or low that he will not help his every effort to be more true. His sympathy is of an active, substantial character and is ready now to be used in our behalf.

A fair audience was out to hear this, the first week day sermon of the series. Others are urged by the pastor to come and bring their friends also. The subject for tonight is "Forsaken," the fifth word from the Cross, John 9:28.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and $1.00. Trial bottles free at Druier & Bro's. drug store; every bottle guaranteed.

Volunteers of America.

This evening there will be a specially interesting meeting at the Volunteer armory. There will be several speakers and the singing will be led by the "Wayne" quartet, which consists of Miss Opatz, Mrs. Crawford, Mr. Dull and Mr. Crawford. Everybody is cordially invited. Seats free.

TETTERON HANDS

For Years. Sore All Over. Could Not Use Them. Physicians No Benefit. Tried CUTICURA REMEDIES. Immediate Relief. Permanent Cure.

I had been troubled with tetter for several years. At times my hands would break all over, so that I could not use them at all, and were so tender that clear water, even, smarted like fire. It spread over my arms, neck, and face. I had been treated by physicians, without benefit. I began using Cuticura remedies. *I found relief before I had taken the first bottle.* I used three or four bottles of Cuticura Resolvent, one cake of Cuticura Soap, and one box of Cuticura Ointment, and it has never troubled me since. ELLA GIBSON, Eppinghaus, Ill.

Cuticura Resolvent purifies the blood and circulating fluids of HERDE Germs, and thus removes the cause, while warm baths with Cuticura Soap and gentle anointings with Cuticura, frequently cleanse the skin and scalp of crusts and scales, allay itching, burning, and inflammation, soothe and heal every form of skin humor.

Sold throughout the world. Potter D. and C. Corp., Sole Props., Boston. "How to Cure Every Humor," free.

SAVE YOUR SKIN Hands and Hair by using Cuticura Soap.

A Cure for Neuralgia.

I was for some time a sufferer from Neuralgia. I tried nearly everything I could hear of, but nothing did me any good until I purchased a box of Ramon's Liver Pills and Tonic Pellets and began to use them. They relieved me at once. That was over a year ago, and I have had no return of it since. —Mrs. Willie Reed, Gurley, Ala. For sale by Gross & Pellens, 94 Calhoun street.

THE DUTY OF MOTHERS.

Daughters Should be Carefully Guided in Early Womanhood.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

The following letter from Miss MAUDE F. JOHNSON, Centralia, Pa., shows what neglect will do, and tells how Mrs. Pinkham helped her:

"My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses. I was very weak, and lost so much flesh that my friends became alarmed. My mother, who is a firm believer in your remedies from experience, thought perhaps they might benefit me, and wrote you for advice. I followed the advice you gave, and used Lydia E. Pinkham's Vegetable Compound and Liver Pills as you directed, and am now as well as I ever was. I have gained flesh and have a good color. I am completely cured of irregularity."

Funeral of Engineer H. E. Barber Will be Held Tomorrow--Other News.

Jacob C. Gehring, who has been the foreman of the lather, planer, vise and machine department of the Wabash shops at this place for several years, has been offered and has accepted the position of general foreman of a shop wherein there are about four hundred men employed. He has tendered his resignation to the shop officials of the Wabash and will retire from that establishment as soon as they release him, which will probably be the 1st of April. For reasons best known to himself, Mr. Gehring requests THE SENTINEL to withhold the name of the town which will be his home in the future. His successor in the Wabash shops has not been chosen. Mr. Gehring came here from Butler with General Foreman G. W. Mudd seven or eight years ago to work as a mechanic in the shops. When Charley Agster resigned as foreman of the machine department, he was succeeded by Mr. Gehring, who has performed the duties of the office most acceptably to the superior officers. He is a genial, whole-souled fellow, whom it is a pleasure to meet and his removal from the city will be generally regretted by all his acquaintances.

Engineer Barber's Funeral.

The remains of the late H. E. Barber, who was killed at Nevada Sunday night, will be buried at Larwill, Ind., tomorrow afternoon, under the auspices of the Masons. Short services will be held at the residence of the family in this city at 11:30 o'clock tomorrow morning, after which the remains will be taken to the Pennsylvania depot and placed upon train No. 39, Summit City lodge of Masons acting as an escort from the house to the train. Besides being a member of the Masonic lodge and the Royal Arcanum, Mr. Barber was also a member of the Brotherhood of Locomotive Engineers, having joined that order only last January. He carried a life policy of $1,500 in the order.

An Operator Promoted.

Will Ross, who has been employed in the Pennsylvania offices as an operator for several years, has been promoted to a dispatcher to fill the vacancy occasioned by the promotion of Jesse Patterson to the office of second assistant trainmaster. Mr. Ross assumes the duties of his new office at once.

A Warning to Train Jumpers.

The fate of poor little Thomas Disney, whose tragic death is recorded today in THE SENTINEL, should be a warning to boys who are in the habit of playing about the railways and jumping on and off moving trains. Nickel Plate and Wabash trainmen have been greatly annoyed by these lads, who make a practice of stealing rides between this city and New Haven over their lines. Tommy Disney belonged to this class, and his fate is only the fate of others who indulge in the dangerous pastime of "hopping cars." At Edgerton the boys carry this practice still farther than do the Fort Wayne lads. When they think the train is not going to stop to suit their convenience, they set the brakes and bring it to a standstill. Because of this practice, affidavits were filed against thirteen of the Edgerton lads and Detective Thomas Wilkinson set out to arrest them. But the boys knew the detective and being informed concerning his intention the most of them gave "leg bail" and escaped arrest. Mr. Wilkinson succeeded in catching five, however, and they were brought here and given a trial in Justice Bullerman's court, each being fined to the amount of $17.70. Their names are Nicholas Ladig, Elmer Viland, Francis Viland, Benjamin Small and Simon Paver. The first three named paid the fine and the other two went to jail.

A Pile Driver Man Hurt.

William Scott was brought to the city last night, at 7 o'clock, and taken to St. Joseph hospital, where he is under Dr. J. M. Dinnen's care. Mr. Scott is a member of the bridge building and pile driving crew of the Nickel Plate and was injured at Fostoria at 11 o'clock yesterday morning by a piece of timber falling and striking him on the head. He sustained an ugly scalp wound, but it is not believed that the skull was fractured.

Local and General.

Nelson L. Dinius has been employed as a fireman on the Nickel Plate.

E Mercer, of the Pittsburg blacksmith shop, is taking a lay-off pending repairs on the forge.

James Fulford, of the Pittsburg tank shop, is off duty today on account of private business.

Harry Westerman, the Pittsburg yard engineer, is detained at home by the serious illness of his son, Ralph.

E. W. Horton, Nickel Plate brakeman, who was visiting relatives in the country, has returned to his duties on the road.

W. F. Beardsley, master mechanic of the Pennsylvania shops at Allegheny, was here yesterday, leaving for his home on No. 8 last night.

Engineer H. Stonder has recovered from his recent illness and is again at the throttle after a two weeks' absence. He is employed on the Nickel Plate.

The Pittsburg blacksmith shop was closed at 2 o'clock yesterday afternoon on account of needed repairs to the engine. The shop is running as usual today.

Engineer John Wells, Fireman Frank Longsworth and Brakemen G. W. Driver, James Hamilton, Charlie Bickner, and P. M. Henderson, of the Nickel Plate, are off duty. All but the two latter are sick.

Superintendent C. D. Law arrived home this morning from the east.

The night telegraph office at Dixon has been abolished by the Pennsylvania company, there being no further necessity for its maintenance.

Machinist Peter Nichter, of the Wabash shops, is at work again, after being in the company's hospital with a lame back about a week.

C. W. Sosaford, a boilermaker from Andrews, and J. F. Frease, a boilermakers' helper, has taken a position in the Wabash shops, in this city.

C. Sculer, a fireman, resumed his place on a Nickel Plate engine yesterday. Two months ago a cinder got in one of his eyes and he barely escaped the loss of the optic.

No. 3, on the Nickel Plate, did not reach this city last evening until 7 o'clock, being two hours and fifty minutes late. The delay was due to trouble east of Buffalo

Nickel Plate Conductor M. E. Baum, who has been sick, and Brakeman J. H. Kepler, who had been off to attend to private business, reported for duty yesterday.

Boilermaker E. F. Kaiser, of the Wabash shops, is again on the sick list. Mr. Kaiser has been unable to work much of the time for the past three or four months, his health being very poor.

Henry Kaunmeyer, day hostler at the Nickel Plate round house, has recovered his health and resumed work. He had a painful experience with stomach trouble and for a month was confined to his home.

A. C. Frase, a blacksmith, who, because he was unable to find employment at that trade, has been working as a helper in the Wabash boiler shop for some months, has gone to St. Louis, where he has secured work in a big blacksmith shop.

A. F. Turner, a machinist, who was employed several weeks in the Wabash shops at Peru, was transferred to this city yesterday. He formerly worked here. Machinist Henry Poole, who was temporarily working in the company's round house at Andrews, has also been returned to this city.

The whistle at the electric works will be sounded at the beginning and ending of the working hours again, as of yore. Several weeks ago a storm prostrated the smoke stack, which in its descent broke the whistle, and until today the employes were notified when to quit work by another method than by sounding the whistle.

The Bass works yesterday contracted to build two 100-horse power boilers for a firm in Findlay that is engaged in the quarry business.

BLEEDING PILES

And all other forms of this common and often dangerous disease readily cured without pain or inconvenience.

Thousands of men and women are afflicted with some sort of piles, without either knowing the exact nature of the trouble, or knowing it, are careless enough to allow it to run without taking the simple means offered for a radical cure.

The failure of salves and ointments to permanently cure piles has led many to believe the only cure to be a surgical operation.

Surgical operations are dangerous to life and moreover not often entirely successful and at this time are no longer used by the best physicians or recommended by them.

The safest and surest way to cure any case of piles, whether blind, bleeding or protruding, is to use the Pyramid Pile Cure, composed of healing vegetable oils, and absolutely free from mineral poisons and opiates. The following letter from a Pittsburg gentlemen, a severe sufferer from bleeding piles, gives some idea of the prompt effectual character of this pile cure. He writes:

I take pleasure writing these few lines to let you know that I did not sleep for three months except for a short time each night because of a bad case of bleeding piles. I was down in bed and the doctors did me no good. A good brother told me of the Pyramid Pile Cure and I bought from my druggist three fifty cent boxes. They cured me and I will soon be able to go to my work again. WILLIAM HANDSOME, 46 St., Cotton Alley, below Butler St., Pittsburg Pa.

The Pyramid Pile Cure is not only the safest and surest remedy for piles, but is the best known and most popular. Every physician and druggist in the country knows it and what it will do.

Send to Pyramid Co., Marshall, Mich., for little book on cause and cure of piles, describing all forms of piles and the proper treatment.

The Pyramid can be found at all drug stores at 50 cents per package.

The company's quarries are located along the line of the Findlay, Fort Wayne and Western road and they furnished nearly all of the crushed stone used in paving the streets of Fort Wayne the past two years.

He is interested in the suit of Nettie Townsend vs. the city of Huntington, which was on trial before Judge Cox Monday.—Harry Ressler and wife were in Fort Wayne today. Mr. Ressler went on business, while his wife visited among friends at that place."

At 6:45 o'clock this morning a telephone message called the fire department to 49 East Columbia street. Companies 1, 3 and 4 responded and found a lively blaze on the first floor of a three-story brick building, occupied by the Wayne Buggy company. The rear of the first floor is used as a blacksmith shop, and a blaze had been communicated to the floor from a stove. The rooms were filled with smoke, but the department made short work of the fire. A hole about ten feet square was burned in the floor. The damage to the buggy company is entirely from the effects of smoke on finished work, and is estimated at $200. The building is owned by V. A. Huguenard, and about $50 will cover the loss. Both building and stock are insured.

NATURE ECLIPSED

By the Cunning Hand of Skill.

An Obstacle, it Seems, May Be Overcome by Perseverance.

Woman in the Advance Guard of Modern Business Progress.

An Effort to Please Which All Should See.

This paper, only admits the truth, when we say that the attainment of success in the various business enterprises of our city, is a matter of which all should be equally proud.

We have in our city, though possibly not of the magnitude of some, an enterprise which justly commands itself as one equal to any which can be found in our metropolitan towns and one, which at the same time reflects great credit upon the lady, whose perseverance and pluck, has built from the very foundation.

In the Arcade, of this city, is conducted a millinery establishment, which for beauty, excells anything in this part of the country. Of this assertion, we do not fear contradiction and invite any who may doubt to investigate, as we have done.

No pains or experience has been spared to charm the eye as well as the ear upon entering this most beautiful bower.

On the one hand, the astonished gazer is treated to the strains of sweetest music, and on the other is heard the warble of birds hidden away amid foliage which would plunge nature herself into a quandary to determine whether it is artificial or genuine. Violets are strewn everywhere in endless profusion, and amid all are hats covered with flowers so beautiful and varied that it becomes a long stretch of the immagination to believe that we are yet in the midst of winter. To be appreciated it must be seen.
